SEA

OPT FOR CAREER COUNSELLING

Having a good understanding of your aptitude, abilities, personality and interests which will enable you to discover yourself. When you take a career decision based on this understanding, you seldom wrong. This is where career counselling play a vital role.

The process of career counselling begins with a psychometric assessments to discover the student's potential and interests. It ends with a meaningful discussion with the career counsellor who interprets the test results and advises the student and parent suitably. Career counselling also opens the student's minds to alternate career plans, which they may not have considered.

SUNDAR EDUCATIONAL ACADEMY (SEA) INITIATIVES TO POWER STUDENTS AHEAD

SKILLS WORKSHOPS

SEA offers a robust two-hour workshop that helps students right from their entrance examinations to their careers in general with much-needed soft skills training. These workshops are conducted for classes 6th to 10th and help hundreds of students to make crucial decisions.

COMPUTER BASED APTITUDE TEST

SEA believes that every student should get an opportunity to make informed career choices. This drives us to create innovative modules that help you at every step. One of the most important offerings is the precise computer-based aptitude test. As soon as a student completes the test, they will instantly be given an assessment report on their aptitude and career orientation. A certified career counsellor helps the student to choose a right career path based on the report.

CAREER INTEREST TEST (CIT)

SEA conducts a Career Interest Test (CIT) every year for students who have completed class 10 to understand different areas of their interest in various subjects that may impact their career choices. Students can walk in and take this test to know their strengths and set themselves up for a successful career.
